➡ You can better afford to BUY ➡  
one of these Apartments than continue to pay Rent

—because the cost of ownership under the  
WALKER CO-OPERATIVE PLAN is in most  
cases LESS than what would be the present rental  
values of the Apartments—and your payments  
would include your proportionate share of operat-  
ing expense, as well as all the carrying charges of  
your investment.

BUYING your own apartment will solve your  
difficulty—if you are the average rent payer—by

placing you absolutely upon an independent basis,  
out of the reach of advancing rents, expiring leases  
and other rental annoyances that are now rife and  
will be until the readjustment period is long past.

### No Matter What Rent You Are Now Paying

—you can own one of these apartments without  
adding materially to your financial burdens—but  
rather, as just indicated, LIGHTENING them and  
acquiring title at the same time.
